

electronics – made in germany

REACH Declaration

As a manufacturer of electronic devices, IMM electronics GmbH is a "downstream user" in the sense of the Regulation for the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH). You obtain from us only non-chemical articles (products). For that, IMM electronics GmbH is neither obligatory for registration or to compile safety data sheets.

IMM electronics GmbH hereby confirms that its electronic devices comply with the legal obligations regarding Article 33 of the European REACH Regulation 1907/2006, which came into force on 01.06.2007.

Furthermore IMM electronics GmbH will immediately inform you in correspondence to REACH – Article 33 if any ingredients (as from a content of >0.1%) in our goods or their components will be classified of very high concern (SVHC) by the European Agency for Chemicals ECHA.

IMM electronics GmbH and all its suppliers will check the recent ECHA "candidate list" continuously regarding updates and additions under the REACH-regulations and will inform you of any changes.

The current candidate list is provided on the European Chemicals Agency website via the following link: <https://echa.europa.eu/candidate-list-table>.
